Application for Fellowship

To be used to conduct research in Parkinson's disease at an Alberta-based University. Research can be basic or clinical. Candidate may have already completed a MSc or PhD graduate program, however this is not mandatory to qualify for this award. For the applicant to qualify, the supervisor must hold a permanent faculty position at a registered Alberta based academic institution.

Submit the following:

- a. Biosketch of Applicant (NIH format preferred)
- b. Biosketch of Supervisor (NIH format preferred)
- c. Description of project (maximum three pages): suggested headings are Background and Rationale, Objectives, Research Methodology, Timeline (which should refer to activities that would be completed in the 1-year award period), Projected Impact
- d. Description of resources and support from supervisor: (maximum one page): this should include in some detail the local resources that would make the proposed research feasible for the awarded time period. If clinical fellow, please comment on amount of clinical responsibilities.

Award total: \$50,000 for 1 year.

Please send an expression of interest (EOI) including your credentials and a brief description of your project no later than Friday, March 29th, 2024. The deadline for full application is Friday, May 31st, 2024 and awards will be announced by August 1st, 2024.

Submit EOIs and completed applications by email to: ltordoff@parkinsonassociation.ca
