

# 2024 Provincial Program Calendar

January – December

Version 06

Parkinson's is unique, there is no, "one" or "right" way to live well with Parkinson disease or a Parkinson's Plus Syndrome. With that in mind, we are pleased to present our **2024 Program Calendar** showcasing a wide range of programs and services tailored to the individual/family needs throughout the entire Parkinson's journey. Covering activities from January through December, our programs and services are offered in a variety of ways – **in-person**, **online** and via **telephone** to ensure that no matter where you live, we are here to help!

## NEW & NOTABLE

- **NEW PROGRAMS!** You will also find a variety of new program options (including programs and levels) added to this year's calendar!
- **NEW DISCOUNTS!** We are pleased to offer those with a valid PAA Membership **20% off our programs!**
- **NEW TIMELINES!** for activity registration. Be sure to note registration deadline details for programs and support group registration.
- **NEW OPPORTUNITY!** to receive monthly program and support group reminders! For those signed up to receive PAA emails, an email will be sent out the middle of every month detailing the upcoming month's activities in your Region (including direct registration links!)

If you are not signed up to receive PAA emails you can sign up to do so or register by calling toll-free **1-800-561-1911** or reaching out to us via email at [clientservices@parkinsonassociation.ca](mailto:clientservices@parkinsonassociation.ca).

# SUPPORT PROGRAMS

## ONE-ON-ONE (1:1) /FAMILY SUPPORT

This program covers a variety of supports for individuals, couples, and families, including emotional and information support, exploring questions and concerns, goal setting, and assistance with government and community resources (including benefits, forms, and referrals). As Parkinson's will change over time, sessions are tailored to your unique situation/needs, ensuring you get the support you need, when you need it.

This service is offered by appointment via telephone, online, and (in some cases) in-person. Appointments are up to 50 minutes in length and can be booked multiple times as necessary.

Telephone/Online/In-Person

Monday - Friday

By Appointment

Free!

## SUPPORT GROUPS

Support Groups are offered online and in-person (group dependent) with advance registration required. For more information on Support Groups see pages 7 & 8.

## PEER-TO-PEER SUPPORT

This program connects people with Parkinson's and/or their Care Partners who are seeking to learn about a lived experience in a specific situation to a Peer. Our Peer mentors have lived experiences in a variety of areas; including, but not limited to: DBS/Duodopa surgical interventions, transitioning a loved one into long term care, receiving a Parkinson's Plus Diagnosis, providing care/support to a loved one with a Parkinson's Plus diagnosis. *Please note this program is not intended to be utilized for social engagement/companionship. Additionally, peer matches may not be available for every person/situation.* Client Services Coordinators will determine if a suitable match is available.

This service is offered by appointment via telephone or online. Appointments are up to 50 minutes in length and may be booked multiple times at the discretion of a Client Services Coordinator.

## AMBIGUOUS GRIEF & LOSS

The diagnosis of Parkinson disease or Parkinson's Plus is often not in our future plans or our plans for our loved ones and can result in experiences of grief and loss. This program, intended for individuals with Parkinson's and/or their care partners, is designed to help understand the grief and loss, while providing coping strategies through teaching, discussions, and real-world application.

This 4-week online program will run as indicated below. Advance registration is required by the date(s) indicated below.

<b>Online (ZOOM)</b>	<b>Mondays</b>	<b>1:00PM – 2:30PM</b>	<b>Cost: \$30</b>	<b>Members (20% off): \$24</b>

## CARE PARTNER SUPPORT PROGRAM ◊

Care partners play an important role in ensuring the well-being of their loved one. To varying degrees and at differing times they provide emotional support, help with medications, assistance with physical challenges, advocate on their loved ones' behalf, and much more. The Care Partner Support Program aims to help Care Partners navigate their own Parkinson's journey, prevent burnout, connect to support and resources, provide connections with other Care Partners, and provide a safe and non-judgemental space to share and discuss their struggles, emotions, and journey in a confidential environment.

This 6-week online program will run as indicated below. Advance registration is required by the date(s) indicated below.

<b>Online (ZOOM)</b>	<b>Wednesdays</b>	<b>1:30PM – 3:00PM</b>	<b>Cost: \$30</b>	<b>Members (20% off): \$24</b>
<i>Minimum to run: 5    Maximum: 10</i>				

• March 20 – April 24	Register By: March 4
• September 25 – October 30	Register By: September 9

## TRANSITION TO CARE PROGRAM ◇

This program is for Care Partners with a loved one who is in or transitioning into care. Caring for a loved one with Parkinson's does not stop when they begin to require more personalized support and you are no longer the primary care giver; but it does begin to look and feel different. You will learn ways to implement yours and your partner's personal wishes, be able to reflect on your feelings, experiences and develop skills that will help you navigate this next stage of the journey. You will learn ways to practice focusing on your own health and self-care, connect and learn from others in the group who are on their own path with Parkinson disease.

This 4-week online program will run as indicated below. Advance registration is required by the date(s) indicated below.

<b>Online (ZOOM)</b>	<b>Fridays</b>	<b>10:00AM – 11:30AM</b>	<b>Cost: \$30</b>	<b>Members (20% off): \$24</b>
<i>Minimum to run: 5</i>	<i>Maximum: 10</i>			

- TBD Once we have 5 people interested we will set a date to run

## WIDOWS' SUPPORT PROGRAM ◇

Losing a loved one can be challenging and difficult to process on your own. Connect with a group of peers alongside PAA staff to work through the process of grief while supporting one another. This program focuses on caring for yourself, remembrance, and the grief journey itself.

This is a 6-week online program please reach out if you are interested in attending.

<b>Online (ZOOM)</b>	<b>TBD</b>	<b>TBS</b>	<b>FREE!</b>

# SUPPORT GROUPS

Support Groups are a great way to learn and get connected to the Parkinson's community. Our Support Groups are led by trained facilitators and include updates, a 30-45 minute topical education/discussion session, a short break, and wrap up with a roundtable check-in where attendees have an opportunity to share experiences and ask questions.

**Registration is required each month for every Support Group. If we do not have enough registrants by 9:00AM two business days prior to the Support Group date it will unfortunately be cancelled.** For those signed up to receive PAA emails, you can register directly via the links included in our emails. You can also register by calling us toll-free **1-800-561-1911** or by reaching out via email at [clientservices@parkinsonassociation.ca](mailto:clientservices@parkinsonassociation.ca).

## **PARKINSON'S WELLNESS RETREAT**

We are excited to share that plans are underway for our 2<sup>nd</sup> annual Parkinson's Wellness Retreat. We'll share details as soon as they are available.

Join members of the medical community and PAA Staff for a unique getaway for people with Parkinson's and their Care Partners. Individuals and couple's welcome! This multiple day retreat will include hiking and other physical activities, education in the form of fireside chat style conversations with medical professionals, creative endeavors, mindfulness work, and social time.

In 2023, twenty-six people joined Drs Davide Martino and Veronica Bruno and PAA staff for three days in the beautiful Rocky Mountains in Canmore. We had great conversations, went on a few hikes, practiced stretches, yoga, and mindfulness techniques, drummed, painted, and ate great food. We also laughed...a lot! Whether it was during the day, over drinks at a local pub or while making s'mores over a bonfire. We made great connections, and you will too at the 2024 Parkinson's Wellness Retreat. We hope to see you there!

# ACTIVE PROGRAMS - COGNITIVE

## THINKING, MEMORY & CONCENTRATION (TMC)

Don't forget to exercise your brain! Just like our muscles, we need to engage our brains to keep them healthy. TMC offers the opportunity to work on cognitive skills in a supportive virtual environment. The cognitive skills of interest will include concentration, attention, reasoning, creativity, and the various forms of memory. Materials for this program will be mailed, so please register early! Please note, this program does require fine motor skills for completing the activities; if you have challenges with writing, please connect with a Client Services Coordinator to see if this program is a fit for you!

This 6-week ONLINE program will run as indicated below. Advance registration is required by the date(s) indicated below to ensure workbooks can be mailed and received in time.

# ACTIVE PROGRAMS - PHYSICAL

Our exercise programs are categorized into three levels to make it easier to determine which class might be best for you.

- **CHALLENGING** – for those with a lot of exercise experience, able to get up/down from the floor quickly and independently, and who have and/or are assessed with no- to minimal balance, falls and/or cognitive issues.
- **MODERATE** – for those with some exercise experience, able to get up/down from the floor with minimal assistance safely, and who are experiencing and/or assessed with moderate balance issues, slowness, falls and/or cognitive issues.
- **LIGHT** – for individuals who may be new to exercise, those who cannot get down onto the floor, and those who are experiencing and/or assessed with moderate to high mobility, balance, falls and/or cognitive issues.

**Please note:** 1) For group programs pro-rating is only available in limited circumstances, please speak with a Client Services Team member. 2) For 1:1 programs, cancellation with 24 hours or less notice will be required to pay in full for the appointment. For more information or to register contact 1-800-561-1911.

## 1:1 Assessment *(Good for all levels)*

Physical assessments are a requirement prior to participation in PAA's Physical Programs in Edmonton; and annually thereafter. Physical assessments help our Team determine which program (or programs) will be the right fit for you!!

## 1:1 PHYSIOTHERAPY *(Good for all levels)*

Physical therapy is a great way to get some individualized physical support. Physiotherapists use hands-on therapy, exercises, stretches, and more to help people address their unique challenges and concerns. PAA is pleased to work with registered physiotherapists Cari Cooke (Edmonton) and Jackie Townsend (Calgary) to offer 1:1 appointments at both our Calgary and Edmonton office locations. Receipts will be provided as physical therapy is a health expense from a tax perspective and may be covered by your insurance. A credit card number is required to confirm 1:1 appointments.

# EDUCATION PROGRAMS – 101 EDUCATION SERIES

Quality information is key to make the best decisions for yourself and/or your loved ones. Our 101 Education Series offers sessions on a number of topics about- or related to life with- Parkinson disease and Parkinson’s Plus Syndromes. These topics are the most commonly asked about and are presented in an introductory manner, which is why we created this series in an homage to the number (101) often associated with introductory/first year classes.

These education sessions are offered on ONLINE and are open to anyone. **PD 101 takes place on the last Thursday of every month (except December); while the rest of the 101 series take place on either the 2<sup>nd</sup> Monday or 4<sup>th</sup> Wednesday of every month (except August and December).**

Each 101 session includes a 45 minute presentation followed by a discussion period where you can ask questions. **Registration is required a minimum of one (1) business day in advance to ensure a link can be sent to you.**

## PD 101 – An Introduction to Parkinson disease

This program is ideal for those who have been recently diagnosed with Parkinson disease, have a family member/friend who has been recently diagnosed with Parkinson’s; and/or those who would like to know a little more about Parkinson disease. This session will go over what Parkinson disease is, how it is diagnosed, motor and non-motor symptoms, support options available, and more.

- February 7 at 6:00PM **Connections: Relationships & Parkinson's** presented by **PAA Staff** Register by: January 29

Whether you've been married for decades, are dipping your toes into the dating pool, looking to make new friends, or just not sure when/if to share your diagnosis with others this webinar is for you! With over 40 years of combined experience working with those impacted by Parkinson disease and Parkinson's Plus Syndromes and backgrounds in Communications, Social Work, and Nursing our Team is excited to share this unique presentation with you. Join us as we navigate the ins and outs of maintaining existing, and forging new connections when one has been impacted by Parkinson's.

- May 1 at 1:30 PM **Parkinson's Medications** presented by **Dr. Vikram Karnik** Register by: April 22

Eventually, and inevitably people with Parkinson disease will need to take medications to help address both motor and non-motor symptoms. Join Dr. Vikram Karnik, Site Lead for Clinical Neurosciences at South Health Campus and the Adult Neurology Residency Program Director, as he goes over the different medications people with Parkinson's are likely to encounter – why you take them, how they work, what they do (and do not) do, common side effects, etc.

- July 3 at 1:30PM **Understanding Constipation and Orthostatic Hypotension** presented by **Dr. Joyce Lee** Register by: June 24

Join Dr. Joyce Lee, lead of the Geriatric Parkinson's Assessment Program at the Parkinson's and Movement Disorders Program in Edmonton as she presents on two of the more common non-motor symptoms that can occur in Parkinson's – Constipation AND Orthostatic Hypotension (low blood pressure). Find out about the role Parkinson's plays in these symptoms and what you can do to help alleviate them.

- October 9 at 1:30PM **The XX Factor – Women & PD** presented by **Dr. Veronica Bruno** Register by: October 1

Calling all ladies with Parkinson's! Childbearing, menopause, and other research-identified issues tells us that the experience of having PD as a woman is different than that of a man. Additionally, according to Stanford Medicine "Studies indicate that women with PD report different symptoms, more often report side effects and changes in their symptoms throughout the day ("fluctuations") and receive (unintended) lower quality healthcare than men. Join Dr. Veronica Bruno, neurologist, movement disorders specialist, researcher, and educator for this unique presentation and conversation.

## ASK AN EXPERT Q&A SESSIONS **\*\*NEW PROGRAM\*\***

this interactive Q&A session is intended to address general questions about Parkinson disease and Parkinson's Plus symptoms, treatments, available medications, complementary/additional health care therapies. This program is not intended to be diagnostic, prescriptive, or replace the relationship, advice, and/or care of your physician.
