

Amy Lee, Calgary

Amy Lee is a corporate development professional with over 15 years of experience in M&A, project management and project execution. Currently a Senior Manager at Cenovus, Amy leads corporate M&A activities. With an Electrical Engineering degree, an MBA from IE Business School in Madrid, and CFA Level I qualification, she brings strong financial and technical expertise to the Parkinson Association of Alberta's Board of Directors. Inspired by a personal connection to Parkinson's disease, Amy has served on the board of the Parkinson Society Newfoundland & Labrador (PSNL), leading initiatives like the annual gala fundraiser and community walking programs. She is committed to improving the lives of those affected by Parkinson's through strategic leadership and community engagement.
